Foreword	
Preface	

Section 1: The Evolution and Demography of Sleep - Section Editor: James P. Shaffery, DPhil

- Chapter 1: **The Evolution of Sleep** (Charles J. Amlaner, DPhil; John A. Lesku, PhD; Niels C. Rattenborg, PhD)
- Chapter 2: **Demography of Sleep and Sleep Disorders** (Lauren Hale, PhD)

Section 2: Life Cycles in Sleep - Section Editor: Orfeu Buxton, PhD

- Chapter 3: **Life Cycles: Infants to Adolescents** (Jenni G. Oskar, MD; Mary A. Carskadon, PhD)
- Chapter 4: **Life Cycles: Sleep in the Older Adult** (Sonia Ancoli-Israel, PhD)

Section 3: Neurobiology, Neurochemistry and Biochemistry of Sleep - Section Editor: Charles A. Amlaner, DPhil

- Chapter 5: **Neurobiology of Sleep** (Patrick M. Fuller, PhD; Jun Lu, MD, PhD)
- Chapter 6: **Neurochemistry of Sleep** (Jamie M. Zeitzer, PhD)
- Chapter 7: **Biochemistry of Sleep Function** (James M. Krueger, PhD; Eva Szentirmai, MD; Levente Kapás, MD)

Section 4: Sleep Disorders - Section Editors: Colleen Carney, PhD; Daniel S. Lewin, PhD

- Chapter 8: **Clinical and Basic Aspects of Human Sleep-Wake Disorders** (Nigel P. Pedersen, MBBS; Christian R. Baumann, PhD)
- Chapter 9: **Sleep Disorders: Neuropharmacology** (Andrew D. Krystal, MD, MS)
- Chapter 10: **Pediatric Sleep Disorders** (Judith A. Owens, MD, MPH, FAASM; Jodi Mindell, PhD)

Section 5: Genetics - Section Editor: Paul J. Shaw, PhD

- Chapter 11: **Genetics of Sleep: Animal Studies** (Chiara Cirelli, MD, PhD)
- Chapter 12: **Genetics of Sleep Disorders: Human Studies** (Emma Larkin, PhD; Susan Redline, MD, MPH)

Section 6: Physiology in Sleep - Section Editor: Patrick M. Fuller, PhD

- Chapter 13: **Sleep and the Autonomic Nervous System** (Paola A. Lanfranchi, MD; Sean M. Caples, DO; Virend K. Somers, MD, PhD)
- Chapter 14A **Respiratory Physiology: CNS Ventilatory Control** (Leszek K. Kubin, PhD)
- Chapter 14B **Respiratory Function and Control of the Upper Airway** (Richard L. Horner, PhD)
- Chapter 15: **Sleep and Endocrinology** (Rachel Leproult, PhD; Karine Spiegel, PhD; Eve Van Cauter, PhD)
- Chapter 16: **Immunology** (Janet M. Mullington, PhD; Mark Opp, PhD)
- Chapter 17A **Thermoregulation and Sleep-Wake Behavior in Humans** (Naomi L. Rogers, PhD; Sally A. Ferguson, PhD)
- Chapter 17B **Thermoregulation and Sleep: Animal Studies** (Ronald S. Szymusiak, PhD, FAASM)

Section 7: Chronobiology - Section Editor: Helen J. Burgess, PhD

- Chapter 18A **Fundamentals of the Circadian System** (Frank A.J.L. Scheer, PhD; Steven A. Shea, PhD)
- Chapter 18B **Circadian System: Animal Focus** (Aaron D. Laposky, PhD)
- Chapter 19: **Chronobiology Mechanisms and Circadian Sleep Disorders** (Kenneth P. Wright Jr., PhD; Joshua J. Gooley, PhD)

Section 8: Sleep Deprivation - Section Editor: Naomi L. Rogers, PhD

- Chapter 20: **Comparative Research Approaches to Discovering the Biomedical Implications of Sleep Loss and Sleep Recovery** (Carol A. Everson, PhD)
 - Chapter 21: **Sleep Deprivation/Restriction: Human Studies** (Sean P. Drummond, PhD; Benjamin S. McKenna)
 - Chapter 22: **Sleep Deprivation: Cognitive Performance** (David Dinges, PhD; Siobhan Banks, PhD)
-
