The Revenue act of 1987 requires the following statement to be published: "Membership dues are not deductible as charitable contributions." However, dues may be deductible as a business expense. The Revenue Reconciliation Act of 1993 requires that the SRS disclose the percentage of your dues that relate to nondeductible lobbying expenses. The SRS estimates that in 2021, 25% of your dues will represent such nondeductible lobbying expenses. You will need to reduce any claimed deduction for SRS dues by this amount.
